Where Friendship—Desire to Serve—Good Will toward everyone abounds and with Special emphasis on our "Super Value Prepaid Specials." We pioneered these "Specials" more than twenty years ago and hundreds of letters from pleased customers through the years disclose they have procured their start in the new varieties at a fraction of the price they had expected to pay.

What a wonderful life when you have hobbies, we have plenty and do we have fun. Glads naturally steal the show, unfolding their marvelous beauty in all its splendor during the blooming season. Rare plants, the best in other flowers, shrubs, trees and endless varieties of evergreens contribute to the setting. Tons of rock formations gleaned from everywhere, many rare and with colorful shades that rival our finest flowers, together with four prehistoric Indian Ceremonial Carvings that are quite interesting, and then do we go all out for Antiques: Old Paintings, Seventeenth Century Vases and Figurines, Old Lamps and including imported carvings in Jade, Ribbon Agate, Ivory, Onyx and Marble by the masters of the early centuries.

The Great Ruler of the Universe has given us some wonderful things, inspired man to create real "gems" out of them, for all of this we are truly thankful and constant activity in the things we love and like should not be detrimental to longevity, hope we are right.

We do in all sincerity appreciate the nice business our good customers give us. Each year many new-found friends contribute to our happiness as well as those of long standing whose friendship we value far beyond expression.
